LIBRARY TRUSTEES' REPORT

We feel that a word of explanation is due from your trustees with reference to their failure to erect the building provided for in the will of the late L. Maria Elkins. When the funds first became available we were in the midst of the World war during which and for a considerable period subsequently, building was out of the question. The location was a vexing problem and finally after long negotiating a building spot was secured that seemed to meet the requirements.

A contractor was consulted who submitted plans that seemed to meet our needs but the cost was beyond our means and the Court was petitioned for permission to use a portion of the funds otherwise bequeathed.

This petition was denied and your trustees waited in the hope that building conditions would improve and the accumulated interest would make building possible.

Then came the bequest of Milo S. Morrill for a receiving tomb, the unexpended balance of which could be used for a library. This balance will soon be available and building conditions are not likely to improve in the near future so that now there seems no good reason for further delay and your trustees feel that such funds as are available should now be used in the erection of a library that will be a credit to the town, a convenience to its patrons and a lasting memorial to the donor.

MONEY NEEDED FOR BALANCE OF CURRENT YEAR

The district has been obliged to pay the entire expense of running the Kezer school this year. This has been a financial burden on which we did not plan at the time of the last district meeting. We are therefore obliged to ask you to raise three hundred dollars for continuing the schools for the current year (\$300).

MONEY NEEDED FOR THE COMING YEAR

(July 1, 1923, to June 30, 1924)

We recommend that the district raise the following amounts:

For the support of elementary schools, including text-books, supplies and flags (this amount includes the amount required by law),	\$5,700.00
For salaries of officers,	130.00
For other expenses of administration,	340.00
For high school and academy tuition,	715.00
For per capita tax,	162.00

ALVAH H. BLAKE,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

February 15, 1923

To the School Board and Citizens:

Perhaps you will be interested in a comparison of various items taken from the attendance tables of the several towns of this Supervisory Union:

SCHOOL YEAR, 1921-22

	Boscawen.	Canterbury.	London.	Salisbury.	Penacook.	Entire Union.
Total number registered	58	73	127	68	643	969
Average membership	45	63	95	57	466	726
Per cent. of attendance	91	82	92	85	93
No. cases of tardiness	315	410	325	174	389	1,613
Cases tardiness per pupil of average membership	7	6.5	3.4	3	0.8	2.2
No. teachers employed	3	4	7	3	17	34
No. visits by superintendent	46	50	75	42	206	419
Average visits per teacher	15	12	11	14	12	12
No. visits by school board	14	12	46	19	25
No. visits by others	231	115	245	294	1,078

CURRENT YEAR, 1922-23

New teachers in September	2	1	1	1	6
Teacher changes during year	1	1	0	0	1
Maximum teacher's salary	\$850	\$800	\$936	\$792
Minimum teacher's salary	800	648	576	648
Average teacher's salary	817	686	699	708

I trust that a few of the parents in Boscawen and Canterbury will note that their children have given their towns a bad tardiness record. The parents and citizens of Canterbury and Salisbury should realize that the poor attendance in their towns is wasteful of the teachers' time and the town's money.

In small New Hampshire towns, whose inhabitants are largely of old New England stock, it ought not to be necessary to employ a truant officer to drive children to school. School Boards, however, neglect their known duty if the conditions shown are allowed to continue indefinitely.

I am glad to report that changes in the teaching force last September were few and that the changes during the year have been fewer still. The salary range is from \$576 per year to \$936, Loudon paying the highest and the lowest salary. Only two graduates of normal schools are employed by the rural towns of the union, one by Loudon and one by Boscawen. These teachers receive salaries higher than any other teachers in the union, outside of Penacook.

Several excellent teachers are employed who are not graduates of normal schools. A number of these have recently taken summer courses. All the other teachers would receive help and inspiration from a six-weeks' course during the coming summer.

The character of instruction throughout the union is improving and will continue to improve if the teaching force can be made fairly permanent. We should plan to retain most of our teachers for another year, urging several (and requiring a few) to attend summer school. In perhaps no case would there be a gain in changing teachers unless we should be willing to pay a higher salary for the new teacher.

The institute for rural school teachers held in Loudon last Fall gave practical help to the teachers who attended. I hope that some other town of the union will try to secure such an institute during the coming year.

An old teacher who recently died in Loudon left a bequest to the school district for buying maps and globes. The income of this bequest will, in a few years' time, give Loudon an excellent supply of maps and will keep them renewed as they wear out.

Respectfully,

GEO W. SUMNER.
